

Alachua County Waste Composition Study Phase II

WHEN?

March 25th -28th (8 A – 6 P)

WHERE?

Leveda Brown Environmental Park

WHY?

To identify the composition of Alachua County's waste stream in order to improve recycling rates through education and county requirements.

Great study to add to your resume, provide yourself with more knowledge about how solid waste is handled, and increase awareness.

MANDATORY MEETING

March 18th at 4:00 PM in NEB386

Providing general study overview, sort protocol, shuttle system info, and shift sign-up.

QUESTIONS?
