

The Status and Future of Our Water Supply

Wednesday October 12, 2011

6:30 PM - 8:30 PM

Oak Hammock

5100 SW 25th Blvd, Gainesville, FL

- Presentations from UF staff and faculty, Water Management Districts, and Alachua County
- Panel of experts to discuss and answer questions from the public
- Learn where our water comes from, what an aquifer is, how water is permitted and used, and what is being done to ensure we will have water for the future!

Sponsored by the League of Women Voters of Alachua County/Gainesville and the Alachua County Environmental Protection Department.
